

SOCIAL CONTROL IN BRAZIL

ORDEM E PROGRESSO

What is social control?

It is the participation of the society in monitoring and verification:

- * of the public management actions;
- and,
- * the evaluation of results.

Three Main Factors that Influence the Social Control Performance

- 1) The councils formation process and the local power influence;
- 2) The counselors technical and operational capacity to cope with the conferred assignments ;
- 3) The understanding of its role as a social control instrument.

Social Control Objectives

- To enable the society participation in government matters;
- To turn the civil society aware and cooperative about government actions;
- To ensure and publicize the use of the government resources;
- To democratize the management of public policies.

Legal Framework Basis in Brazil

- Federal Constitution of 1988 - Art. 204, II - *Participation of the population through representative organizations in the politics formulation and in the control of the actions in all the levels;*
- Law No 11.947/2009 - Art. 18 " *The Estates, the Federal District and the Municipalities will establish, under its respective administrative jurisdictions, school feeding councils - CAE, collegiate parts of supervisory character, permanent, deliberative and of assistance...*

CONCLUSIVE OPINION OF THE SCHOOL FEEDING COUNCIL ON THE PROGRAM IMPLEMENTATION

Management ways: *Centralized / Decentralized*

Implementation of shared resources : *FNDE makes the transfer of resources made available by the Federal Government as a complement to those allocated by the states and municipalities, art.1 and art. 30 Resolution CD / FNDE, in 07.16.09.*

Funds Application:

The funds transferred by the FNDE, while not used, must necessarily be applied in the financial market

Process of acquisition of foodstuffs: *The purchase of food supplies should be preceded by a bidding process (Law 8.666/93). TCU recommends using, preferably, the electronic trading system or the Registry Prices System on purchases of NSFP.*

Family household agriculture: *Since 2009 it was determined by the laws of the NSFP that at least 30% of the funds received by the FNDE should be used to purchase food from family household agriculture and Rural Family entrepreneur.*

CONCLUSIVE OPINION OF THE SCHOOL FEEDING COUNCIL ON THE PROGRAM IMPLEMENTATION

Regularization of the distribution: *School feeding is the right of students in basic public education.*

Menu Technical Features: *It is the nutritionist responsibility at the EE to prepare the menu, composed by a variety of foods, which respect the culture, traditions and healthy habits in accordance with the peculiarities of students.*

Offered food Quality : *It is mandatory a prior quality control of foods purchased for school meals in its different phases with government agencies.*

Students Accession to the offered meals: *The accession is measured by the quantity of students who consume the offered food, divided by the total number of students present on the day of assessment.*

Nutritional assessment: *the biopsychosocial development, learning, school performance and the formation of healthy dietary practices are NSFP goals and the evaluation is an important nutritional element for measuring the achievement of goals.*

CONCLUSIVE OPINION OF THE SCHOOL FEEDING COUNCIL ON THE PROGRAM IMPLEMENTATION

CAE Responsibilities

- ✓ *examine the annual report of PNAE, the rendering accounts and other financial documents;*
- ✓ *participate in the stages of quality control;*
- ✓ *inform the FNDE and the control agencies the irregularities noted in the program implementation;*
- ✓ *Conduct meetings and visits to schools;*
- ✓ *Participate in biddings and public calls;*
- ✓ *Prepare the bylaws of the CAE;*
- ✓ *Verify the compliance and acceptability of the menu.*

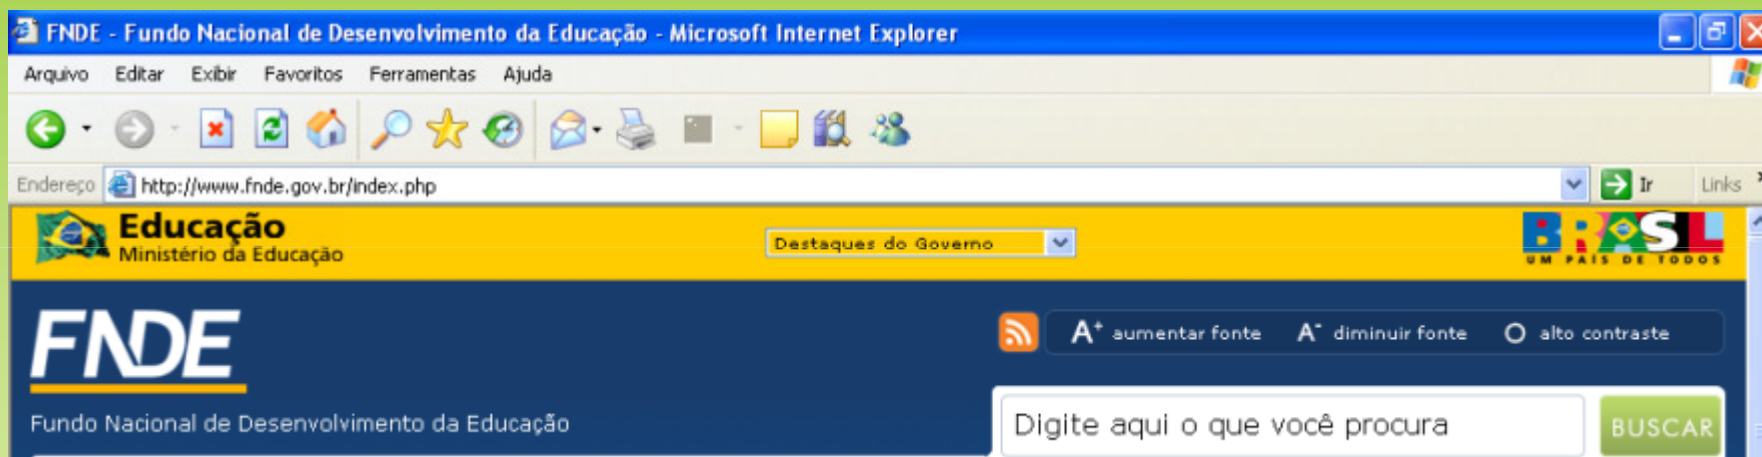

Inconsistencies and non-conformities:

Any person or entity is legitimate to file a complaint of irregularities in the application of resources to the FNDE, the TCU (Federal Auditing Agency), Comptroller General Office, the General Prosecuting Agency and the CAE.

Final Reflexion

- “The citizenship must not be seen as a passive and privileged condition of a few, but as each citizen rights and duties”
